Central Board:

Re: Granting permission to reprint or use copyrighted songs owned by A.S.M.S.U.

From time to time requests reach my desk for permission to use either for performance or reprint one or more of the songs in the "M" Song Book. Usually these requests require an immediate answer. Examples of such requests are:

(1). Request to play one of the Montana songs on the radio by one of the cigarette firms.

(2). Request from a convention which Mr. Speer was attending in California to reprint the words of a song.

(3). Request which was made by Miss Lillian Stone, Home Demonstration Agent, County Extension Service, to include the words and possibly the music of a couple Montana songs in a booklet which will include the State College Songs and she thought it would be of interest to include some of the University songs.

In all these cases, I have talked with Kirk Badgley and upon his advice have granted permission to use them.

I am writing this letter to Central Board to ask authorization for me to grant permission to use or reprint copyrighted songs owned by A.S.M.S.U. at my discretion.

Yours truly,

John Crowder, Dean
